MEMORANDUM FOR: Director of Training

SUBJECT : Intelligence School Weekly Report No. 16
14 through 20 November 1958

1. Re [redacted] first item, [redacted] reports that he is very pleased with the briefings and will probably be asking for similar briefings for USIA in-casuals who are in Washington before returning to the field. He will probably talk to DTR about his favorable appraisal of the briefing.

2. Preparations for the JOT program the first two weeks of December are continuing. The projected Atomic Energy briefing seems to be infeasible, though I intend to have one more try at finding a competent AEC man. Also the session on Election Results [redacted] is out. The other preparations are all being followed up in good shape. The only one which has not yet proceeded beyond the general commitment to provide a briefing is [redacted] DOD contact. These arrangements will be pursued after 21 November. Reading material is in hand, and is being augmented by some additional reading provided by the Department of Labor.
